

PROGRAMMES OFFERED

Bachelors Medical Laboratory Technology (Affiliated to Mbarara University of Science and Technology)
Duration: 2½ years

ENTRY REQUIREMENTS:

- i) Diploma in Medical Laboratory Technology.
 - ii) Sit and pass entrance exam
 - iii) Registered with AHPC, with valid practicing license
 - iv) Work experience of at least 2 years post diploma qualification
- NATURE OF ADMISSION:** Private

POST-BASIC PROGRAMMES

SPECIALISED ADVANCED DIPLOMA

1. ADVANCED DIPLOMA IN ANAESTHESIA

Duration - 2 years

Entry requirements

- i. At least a Diploma in Clinical Medicine, Midwifery, Nursing and Comprehensive Nursing
- ii. Must be registered with relevant Professional body

Nature of work

Assess, prepare and administer Anaesthesia to patients for surgery. Participate in treating the critically ill patients

2.ADVANCED DIPLOMA IN EAR, NOSE, AND THROAT AND NECK SURGERY

Duration - 2years

Entry requirements

- i. At least a Diploma in Clinical Medicine, Midwifery, Nursing, and Comprehensive Nursing
- ii. Must be registered with relevant Professional body

Nature of work

Diagnoses and provides specialised care and treatment of diseases of the ear, nose, throat and neck

3.ADVANCED DIPLOMA IN HEALTH MANAGEMENT AND LEADERSHIP

Duration - 1 year

Entry Requirements

At least a Diploma or its equivalent, in any health-related profession

Target Group

Health workers
Health Tutors

Nature of work

Carries out Management of Health facilities, health care resources and monitoring of Health care projects

4.HEALTH PROMOTION AND EDUCATION

Duration - 1 year

Entry Requirements

At least a Diploma or its equivalent, in any health related profession

Target Group

Health workers
Health tutors

Nature of work

Assess individual, group, institutional and community health and design health promotion intervention to address health needs

BASIC DIPLOMA

5.DIPLOMA IN MEDICAL LABORATORY TECHNOLOGY

Duration - 3 years

Entry requirements:

Direct entrants:

- i) UACE with at least 1 principal pass in Biology and a subsidiary pass in Physics, Math, Chemistry.
- ii)UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English

Indirect entrants:

- (i) Certificate in medical laboratory Techniques
- (ii) Certificate in any other health related discipline from a recognised institution
- (iii) Must be registered with the relevant professional body

Nature of work:

Makes laboratory diagnosis of disease and conditions

6.DIPLOMA IN PHARMACY

Duration - 3 years

Entry requirements:

Direct entrants:

- i) UACE with at least 1 principal pass in Chemistry and a subsidiary pass in Biology, plus any other subsidiary pass in either physics or mathematics obtained at the same sitting
- ii)UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English

Indirect entrants:

- i. Certificate holder in Pharmacy from a recognized institution
- ii. Must be registered with relevant Professional body

Nature of work:

Prepares and dispenses pharmaceutical preparations

7.DIPLOMA IN EAR, NOSE AND THROAT AND NECK SURGERY

Duration - 3 years

Entry requirements:

Direct entrants:

- i)UCE with at least passes in Biology, Physics, Chemistry, Mathematics and English
- ii)UACE with atleast 1 principal pass in Biology, and subsidiary pass in chemistry, plus any other subsidiary pass in either Mathematics or physics

Indirect entrants:

- i) A certificate in any Health related discipline from recognized institution
- ii) Must be registered with relevant Professional body

Nature of work:

Diagnoses and provides specialised care and treatment of diseases of the ear, nose, throat and neck

8. DIPLOMA IN MEDICAL RADIOGRAPHY

Duration - 3 years

Entry requirements:

Direct entrants:

- i) UACE with at least 1 principal pass in Biology and subsidiary passes in Physics and Chemistry
- ii)UCE with at least passes in Biology, Physics, Chemistry, Mathematics and English

Nature of work:

Carries out Medical imaging

9.PHYSIOTHERAPY

Duration - 3 years

Requirements:

Direct entrants:

- i) UCE with atleast passes in Biology, Physics, Chemistry, Mathematics and English
- ii) UACE with atleast one principal pass in Biology and a subsidiary pass in chemistry, plus any other subsidiary pass in either Physics or Mathematics

Indirect entrants:

- i) A certificate in Nursing
- ii) Must be registered with relevant Professional body

Nature of work:

Managing patients using physical means

10. OCCUPATIONAL THERAPY

Duration - 3 years

Entry Requirements:

Direct entrants:

- i) UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English
- ii)UACE with atleast one principal pass in either Biology or Chemistry and subsidiary pass in Physics or Mathematics obtained at the same sitting (PCB / BCM)

Indirect entrants:

- i) A certificate in any Health related discipline from recognized institution
- ii) Must be registered with relevant Professional body

Nature of work:

Works with people who are physically or mentally disabled, and those suffering from chronic illness

11.ORTHOPAEDIC MEDICINE

Duration - 3 years

Entry Requirements:

Direct entrants:

- i) UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English
- ii)UACE with at least one principal pass in Biology and subsidiary pass in Chemistry, plus any other subsidiary pass in either Physics or Mathematics

Indirect entrants:

- i) A certificate in any Health related discipline from recognised institution
- ii) Must be registered with relevant professional body

Nature of work:

Do clinical assessment and treatment of patients and assist surgeons in orthopaedic surgery

12.MEDICAL ENTOMOLOGY AND PARASITOLOGY

Duration - 3 years

Entry Requirements:

Direct entrants:

- i) UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English
- ii)UACE with at least one Principal pass in either Biology or Chemistry and subsidiary pass in Physics or Mathematics obtained at the same sitting (PCB / BCM)

Indirect entrants:

- i) A certificate in any Health related discipline from recognized institution
- ii) Must be registered with relevant Professional body

Nature of work:

Carry out standard Parasitological and Entomological procedures to combat various vector borne diseases.

13.PUBLIC HEALTH DENTISTRY

Duration - 3 years

Entry Requirements:

Direct entrants:

- i) UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English
- ii)UACE with at least one principal pass in Biology and subsidiary pass in Chemistry, plus any other subsidiary pass in either Physics or Mathematics

Indirect entrants:

- i) A certificate in any Health related discipline from recognised institution
- ii) Must be registered with relevant professional body

Nature of work:

Treat patients with dental diseases. Extract affected teeth and give advice to patients and public on proper dental care

14. ORTHOPAEDIC TECHNOLOGY

Duration - 3 years

Entry Requirements:

Direct entrants:

- i) UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English
- ii)UACE with at least one principal pass in Biology and subsidiary pass in chemistry, plus any other subsidiary pass in either Physics or Mathematics

Indirect entrants:

- i) A certificate in any Health related discipline from recognised institution
- ii) Must be registered with relevant professional body

Nature of work:

Fabricate and fit orthopaedic appliances to restore the function of neuromuscular skeletal health problems of patients

15.DENTAL TECHNOLOGY

Duration - 3 years

Entry Requirements:

- i)UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics, and English.
- ii) UACE with at least 1 principal pass in Biology and subsidiary pass in Chemistry, plus any other subsidiary pass in either Mathematics or physics

Indirect entrants:

- i) A certificate in any Health related discipline from recognised institution
- ii) Must be registered with relevant Professional body

Nature of work:

- a) Assessment of patient's mouth and obtaining their impressions
- b) Designing of appropriate appliances for patients who have lost their teeth and patients with improperly arranged teeth

16. DIPLOMA IN ENVIRONMENT HEALTH SCIENCES

Duration - 3 years

Entry Requirements:

Direct entrants:

- i) UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English
- ii)UACE with at least one principal pass in Biology and subsidiary pass in chemistry, plus any other subsidiary pass in either Mathematics or physics

17. DIPLOMA IN ENVIRONMENT HEALTH SCIENCES (IN - SERVICE)

Duration - 3 years

Entry Requirements:

- i) UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English
- ii) A Certificate in Environmental Health Sciences or a Certificate in any health related discipline from recognised institution
- iii)Registered with relevant professional body.

Nature of work:

To implement public health rules and regulations in communities

18. CLINICAL AND COMMUNITY NUTRITION

Duration - 3 years

Entry requirements:

Direct entrants:

- i) UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English
- ii) UACE with at least one principal pass in either Biology or foods and nutrition and subsidiary pass in chemistry, plus any other subsidiary pass in either Mathematics or physics at the same sitting

Indirect entrants:

- i) A certificate in any Health related discipline from recognised institution
- ii) Must be registered with relevant Professional body

Nature of work:

Work in clinical setting and in communities to promote good nutrition

19. MEDICAL RECORDS AND HEALTH INFORMATICS

Duration - 3 years

Entry requirements:

Direct entrants:

- i) UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English
- ii) UACE with at least one principal pass in Biology and subsidiary pass in chemistry, plus any other subsidiary pass in either Physics or Mathematics obtained at the same sitting

Indirect entrants:

- i) A certificate in any health related discipline from recognised institution
- ii) Must be registered with relevant Professional body

Nature of work:

Manages medical records in health care settings

20. DIPLOMA IN HEALTH PROMOTION AND EDUCATION

Duration - 2 years

Entry requirements:

Direct entrants:

- i) UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English
- ii) UACE with at least one principal pass in Biology and subsidiary pass in chemistry, plus any other subsidiary pass in either Physics or Mathematics obtained at the same sitting

Indirect entrants:

- i) A certificate in any health related discipline from recognised institution
- ii) Must be registered with relevant Professional body

Nature of work:

Assess individual, group, institutional and community health and design health promotion

CERTIFICATE

21. CERTIFICATE IN ENVIRONMENTAL HEALTH SCIENCES

Duration - 2 years

Entry Requirements:

- i) UCE with atleast 5 passes in Biology, Physics, Chemistry, Mathematics and English

Nature of work:

To implement public health rules and regulations in communities

22. CERTIFICATE IN MEDICAL THEATRE TECHNIQUES

Duration - 2 years

Entry Requirements:

- i) UCE with atleast 5 passes in Biology, Physics, Chemistry, Mathematics and English

Nature of work:

Assist theatre staff to prepare operating theatres, care for patients before, during and after surgeries

23. CERTIFICATE IN PHARMACY

Duration - 2 years

Entry Requirements:

- i) UCE with at least 5 passes in Biology, Physics, Chemistry, Mathematics and English

Nature of Work:

Assist to prepare and dispense pharmaceutical preparations

CO-CURRICULAR ACTIVITIES

FOOTBALL

NETBALL

VOLLEYBALL

ATHLETICS

CULTURAL GALA

PATRIOTISM

UPCOMING PROGRAMMES

1. Bachelors in Medical Entomology and Parasitology
2. Bachelors in Physiotherapy
3. Bachelors in Occupational Therapy
4. Bachelors in Anaesthesia
5. Diploma in Dermatovenereology

UGANDA INSTITUTE OF ALLIED HEALTH AND MANAGEMENT SCIENCES (UIAHMS) - MULAGO

MINISTRY OF EDUCATION AND SPORTS

VISION

A leading Center of Excellence in Education and Training of Allied Health Professionals and Management Scientists

MISSION

To Train, Develop and Inspire Competent and Responsive Allied Health Professionals and Management Scientists using Appropriate Technology to meet the Community Health Care Needs.

GOAL

To train and develop adequate, quality, and responsive health work force to address community health care needs

CORE VALUES OF THE INSTITUTION

THE CORE VALUES OF THE INSTITUTION ARE BASED ON

1. Professionalism where practices of the institution and training of learners aim at maintaining and developing professional character
2. Ethics focusing on modeling of positive attitude among professionals and learners
3. Collaboration with relevant partners in education and health practice
4. Teamwork where practices of various professions contribute to the success of all
5. Commitment to serving communities
6. Integrity of character in training and practice
